HuskyCT Basics

Getting Started/HuskyCT Basics

Logging In

- Navigate to one of the addresses below and log on to HuskyCT the universities Learning Management System (LMS). HuskyCT is used to conduct online coursework and used for more than just document storage. You are able to conduct video sessions (Colloborate), create and post videos (voice overs etc using Kaltura), Assessments and Surveys and Assignments!
- To log into HuskyCT you will need your NetID account information. If you don't know it, please go to [http:// netid.uconn.edu](http://netid.uconn.edu). If you have your NedID and have trouble logging please contact 860-486-HELP for resetting or account logon issues.
