Connecting to the UConn Health Center VPN from a Windows XP PC

1. Navigate to the website <u>https://vpn.uchc.edu</u> and you should see the screen below:

2. Log in using your UCHC domain (network) username and password, then click the "Sign In" button.

3. After successfully logging in, you will be presented with the following screen:

🖉 UCONN Health Center - Home - Microsoft Internet Explorer provided by UCHC	C 🗗 🔀

4. To connect to the UCHC network, click on the Start button to the right of the "Network Connect" in the Client Applications Sessions section at the bottom.

5. You should see the following screen after clicking on the Start button:

6. If this is the first time using the VPN from this computer, you will be prompted by a pop-up window to install the VPN client application as shown here:
