RE: President's Delegation of Contract Approval and Signatory Authority for UConn Health

On February 18, 2010, the Board of Trustees granted the President signing authority for all University contracts (Board Resolution).¹ In addition to authorizing the President to sign all University contracts, the Board Resolution allows the President to delegate such authority to other University administrators as deemed appropriate. This authority does not extend to UConn Health Center Finance Corporation (UCHCFC) contracts.

Therefore, and subject to the [Procedures for Approving and Signing Contracts On-Behalf of the University](#) ("Procedures"), effective immediately, the following authority is delegated to approve and sign contracts related to UConn Health. For the purposes of this Delegation the term "contract" does not include legal settlement or employee separation agreements. Please contact the Office of the Chief Counsel for additional information regarding the approval process for legal settlement or employee separation agreements.

These delegations supersede all prior delegations of authority to sign contracts.

All delegations are made in accordance with the Procedures and all individuals with delegated signing authority are responsible for knowing and abiding by those Procedures. Any sub-delegations, expressly described below, **may not be** further delegated by the delegee under any circumstances.

DELEGATIONS OF CONTRACT APPROVAL AND SIGNATURE AUTHORITY:

I. Office of the Executive Vice President for Health Affairs
